NRS Conducts Community Cleanup Activity at Osaka Logistics Center

On December 2nd, NRS CORPORATION conducted a cleanup activity around the Osaka Logistics Center located in Takaishi City, Osaka Prefecture. Employees from our Osaka Logistics Center participated in the initiative, contributing to the beautification of the local community. This activity is part of "Clean Day," a program held regularly four times a year, every three months.

NRS GROUP is committed to social contribution activities, including cleanup efforts and environmental beautification, with a unified approach across the organization. We will continue to work together with local communities to create a better and cleaner environment for the future.
