NRS Opens New High-Pressure Gas Warehouse at Toke Distribution Center

NRS CORPORATION is pleased to announce the opening of a new high-pressure gas warehouse at the Toke Distribution Center in Midoriku, Chiba City, on February 3, 2025.

The Toke Distribution Center has been operating as a hazardous materials warehouse and pharmaceutical warehouse. With the addition of this new high-pressure gas warehouse, we aim to support the stable supply of high-pressure gases for semiconductor manufacturing, a sector expected to see growing demand in the future. Furthermore, by collaborating with our Chiba Logistics Center (Ichihara City, Chiba Prefecture) and the Sodegaura Warehouse of the same center (Sodegaura City, Chiba Prefecture), we will be able to provide more flexible and efficient logistics services for handling various hazardous materials.

The NRS GROUP will continue to expand its comprehensive one-stop logistics services to support the optimization of our customers' supply chains.

■ Overview

Location: Toke Distribution Center, 1-4-5, Onodai, Midoriku, Chiba City, 267-0056, Japan
